WRITTEN BY A LADY OF WASHINGTON, IN 1832, FENDING THE SECOND ELECTION OF GEN. JACKSON.

When late in the Chamber of Council we stood,  
Hope rose at the noble display; [land,  
Our eyes beam'd as they scan'd each strong prop of the  
But they rested on Senator CLAY.

Half-horse—alright—whatever he be,  
With a mouth as capacious as brain,  
He can turn back the tide, or draw to his side,  
Sans magic\* or legerdemain.

When our chivalrous brothers, the sons of the South,  
Drew the brand with more passion than reason,  
He spoke, and his word put a sheath on the sword,  
And calm'd them—at least for a season.

If ever at fault—and error is found  
Inherent in every station—  
'Twas only a slip—he ne'er gave up the ship,  
But held fast the Flag of the Nation.

The present incumbent is honest—was brave—  
(A little too much decision of tone)—  
With a heart warm and true, and a head that might do,  
Would demagogues let him alone.

But a swarm of vile insects buzz, buzz round his ears,  
That would barter their country for gain;  
He can't see their wing, but the State feels their sting,  
And it courses through every vein.

To set things to rights, now so out of repair,  
'Twill needs take old Harry himself to be there;  
Then glory to the palace and President's chair,  
We all shall be happy when Harry gets there.

\* Vide Little Magician.

At a special term of the Circuit Court, held in the town of Washington, Arkansas, last week, Judge Benway, presiding, Henry Scaggs was tried for the murder of William Oaks, found guilty, and sentenced to be hung on the 25th day of this month.

MELANCHOLY.—The following are the names of the officers attached to the U. S. cutter Vigilant, supposed to have all perished in the late gale off the harbor of Key West:

Wm. B. G. Taylor, commander; Wm. G. Taylor, 1st lieutenant, commanding; Mr. Cooper, of Hingham, Mass., 2d lieutenant. There were also attached to her six seamen, and the cook and cabin boy, slaves, belonging to Capt. Taylor. Mr. Robert Cooper, one of the Louisiana pilots, and two of the negroes who deserted with the pilot boat from the Balize, were on board. J. C. Johnson, pilot, belonging to the Vigilant, and Mr. Robert Armstrong, of New Orleans, (passenger), were providentially ashore, and saved. The only persons known to be saved from the wreck, were Michael Driscoll and Henry Hoyt, seamen, picked up at sea in a canoe belonging to the cutter, which they fortunately fell in with while in the water.

ANOTHER LOCOMOTIVE EXPLOSION.—We have been informed that another explosion occurred on the railroad near Port Clinton, a few days ago, under precisely similar circumstances with the one which occasioned the disastrous loss of life on the 2d of September last, and which Dr. Lardner, in a very laborious report, attributed to the effect of lightning. The engine had taken in its supply of water, and had a heavy pressure of steam, when the engineer discovered, by a peculiar hissing, that an explosion was about to take place, and at once leaped from it and passed down the embankment. He had scarcely done so, when the engine exploded, scattering the machinery in all directions. Very fortunately, no one was injured. An examination of the cause attributes the explosion to the weakness of the stay across the fire box, being too light to bear the pressure of steam required. The engine was built by Mr. Baldwin, and had previously worked well. The company, we learn, have taken measures to examine all their engines, and guard against future accidents from the same cause.—Reading (Pa.) Gazette.

The ship Mary Kingsland, of New York, was totally consumed by fire on the 19th inst, whilst lying at New Orleans taking in cotton for Liverpool. She had on board over 1,700 bales, when the fire broke out in the hold. Every exertion was made to extinguish the flames, but in vain. The Mary Kingsland was a fine ship of 797 tons burthen, and belonged three-fourths to the Messrs. Kingsland, of New York, and the remaining fourth to her commander, Capt. Wear. The loss is set down at \$120,000. Part of the cotton was insured in Liverpool. The New York owners are supposed to be insured, but the Captain's interest was entirely unprotected.

SANDS'S SARSAPARILLA.—A perpetual process of deposit and absorption is going on in the human system. A portion of the body is converted into the various structures of the body as fast as the worn out material is taken up by the absorbents, and discharged through various channels from the system. Now it is evident that if the blood is diseased, the substances formed from it cannot be healthy; and therefore so long as the blood is impure every organ, fibre and issue of the human body will be in an unnatural state. The condition of the system may be variously developed, sometimes outwardly, as in scrofula and other ulcerous and eruptive diseases, rheumatism, &c.; and sometimes in the osseous system, in swelling or decay of the bones. It is clear that one remedy, which will remove the common cause of these deplorable disorders, will also cure each and all of them. That remedy is presented in Sands's Sarsaparilla, which, acting directly upon the vitalizing fluid, converts it from a morbid and ill-healthy state to a fit condition for the purposes of healthful life.

## LOCAL NEWS.

CRIMINAL COURT.—The October term of this Court commenced yesterday at the Court-house in this city, Judge Dunlop, presiding. The following gentlemen were sworn as Grand Jurors, and were briefly addressed by the Judge in relation to the discharge of their duties.

Thos. Carbery, Esq., foreman, Wm. B. Thompson, John Cox, Joshua Pierce, Geo. W. Young, John Mason, Jr., Jacob Gideon, Lewis Johnson, Thos. Monroe, Thos. Fenwick, Hamilton Luffborough, Joseph Forrest, R. White, Otho M. Linthicum, Geo. Thomas, John W. Maury, John Boyle, John F. Cox, Charles R. Belt, Roger C. Weightman, Thomas Blagden, Wm. J. Stone, Levi Sheriff, and John Lyons.

We learn that the criminal docket is unusually large, and several important cases will come before the court this term, of which we shall keep our readers advised.

The CLAY CLUB meeting last night was as usual well attended; and the best feeling and confidence displayed in the result of the approaching contest. Most excellent accounts were given by the President in regard to the prospects in Pennsylvania, and other States. The Glee Club sang several new songs in their usual excellent style.

THE NORTHERN SERENADERS.—This band of Ethiopian melodists drew a respectable and highly gratified audience at Concert Hall last night, notwithstanding the inclemency of the weather. They are excellent in their way—and many prefer them to the "legitimate" band who appeared here some time since. The performer on the accordeon, in fact, has but few superiors. If any one wishes to enjoy a hearty laugh, and real harmony, withal, let him pay these "gemmen ob color" a visit, and our word for it, he will not regret the time so spent. A great majority of the audience last night consisted of ladies.

## CLIREHUGH'S TRICHOPELOR, OR MEDICATED COMPOUND, FOR THE CURE OF BALDNESS AND GRAY HAIR.

THE TRICHOPELOR, or Medicated Compound is now acknowledged by thousands, who use it daily, to be the only remedy to prevent Baldness, and to restore the hair that has fallen off or become thin; to prevent Gray Hair; to cure and remove every appearance of Scurf and Dandruff from the hair, and to keep it in the most healthy, soft, and glossy state.

BALDNESS. Gentlemen whose hair has become thin, or fallen off from natural decay, the effects of fever, or other disease, or what may be termed constitutional predisposition to baldness, will by the use of this compound have their hair entirely restored. If faithfully and regularly applied when the hair first shows symptoms of decay, or after it has fallen off—no matter from what cause, he confidently assures both ladies and gentlemen, that the hair will never be lost, but will be restored to its natural healthy vigor.

## GRAY HAIR.

At all ages the appearance of gray hair indicates a relaxed state of the nerves and blood vessels connected with the root. Numerous causes tend to influence the change of color—such as study, fright, fever, long sickness, and such, too great devotion to business, or the very common practice of wearing the hat within doors. The progress of gray hair at all periods of life may, if attended to, be prevented, and those hairs that have prematurely changed may be again restored to their original color. To effect this end, it is recommended that at all times and seasons the head be kept cool, the hair cut rather short, the free use of the hair brush, evening and morning, and the application of this compound every evening for a short time will increase the activity of the skin, promote the circulation, and restore the nerves, blood-vessels, &c. to their healthy action. Persevere in this course, and the result is certain.

## SCURF AND DANDRUFF.

This compound is strongly recommended to keep the head entirely free of all Scurf and Dandruff. Nothing is more injurious to the growth or beauty of the hair, or to a healthy state of the skin. In all cases where the head is subject to it, or where it may have accumulated in the hair, an application will readily remove all appearance of it, and its occasional use will keep the hair clean, soft and glossy.
